THE ECONOMIC VALUE OF AN AUTOMOBILE

In business life—in professional life—in the family life of Canadians the automobile has proved an important economic factor.

No other means of transportation is so rapid, so flexible, so economical. It is not confined to rails, nor is it limited in speed and endurance.

In business, the savings effected are shown on the books in great dollars and cents. In the professions, money, time and often human life are saved. In the family, the benefits, no less real, come in

the form of health-giving pleasure—or relaxation. Your friends are brought closer—distance is diminished.

To enjoy these benefits, to effect these savings, you desire a quality car, low in first cost and economical in upkeep.

Chevrolet is the world's lowest priced, fully equipped quality car. It is sturdily built for Canadian conditions, powerful enough for any road, and costs less for upkeep than any car built. It affords the most economical transportation available in motoring.

Ask your Chevrolet Dealer for a demonstration and learn about the Q 36 A C plan of deferred payments.

with the normal set of the face, and so to bring out all beauty matter easily and without strain to the tissues.

The finished skin must be soft, with glowing moisture and good blood circulation beneath it. A dry, tight skin cannot have the coveted peach-like appearance, and moisture is the key to the skin's health.

Pompeian Night Cream provides the necessary skin-soothing moisture to stand both the normal degree of oil secretion. Gentle massaging with it leaves the facial muscles, smooths the blood circulation and tones up all the facial tissues.

Upon retiring, first use Pompeian Night Cream as a cleanser, apply with the fingers and then wipe off with a soft cloth, leaving the pores of all the day's accumulated dirt and dust. Allow the skin to breathe and the skin to rest.

The finished finishing of this simple treatment will be visible in the skin's renewed freshness, moisture, and elasticity, and in the most apparent improvement in its texture and retaining a youthful complexion.

What a Little Care of the Skin Will Do

By Miss Parsons

Once I asked a friend why she bought so many hats. I said I didn't, for each one I saw her hat was new and one.

"Because I can't stand it any more," she said, "I don't like to change. I don't like to change. I don't like to change."

"You mean the new kind of beauty?" she said. "You mean the new kind of beauty? You mean the new kind of beauty?"

"You mean the new kind of beauty?" she said. "You mean the new kind of beauty? You mean the new kind of beauty?"

"You mean the new kind of beauty?" she said. "You mean the new kind of beauty? You mean the new kind of beauty?"

Fuller

Floors that Smile at You

To the woman who takes pride in the way her home looks to her as well as to her friends, Fuller Brushes mean so much. She doesn't buy them as merely "Brushes"—she buys them as helpmates, because they have made house-work seem nearer play-work than she ever found it before. Fuller Brushes have made 5,000,000 homes cleaner and more sanitary. They daily save time and labor, giving housewives more moments for other worth-while duties and pleasures.

A Fuller Man will come to your home from time to time to demonstrate Fuller Brushes, which are made in our factory at Hamilton. (Fuller Brushes are sold only in this home-demonstrating way). To call a Fuller Man, address our nearest Branch Office:—
